

TENNESSEE FACT SHEET

AAFP on Health Reform

The AAFP believes that policies should be adopted to ensure continued progress towards health care for all supported by a payment system that rewards value of care over volume of service. The health system should promote prevention and wellness, protect patients from financial barriers to needed services and build a primary care physician workforce that can meet the growing demand for care.

Tennessee Family Medicine

- There are 1,958 family physicians in Tennessee.
- Tennessee has 11 family medicine residency programs.
- Tennessee has 105 medically underserved areas/populations.
- 6.2% of the residents in Tennessee live in a health professional shortage area.

Medicaid in Tennessee

- In 2015, 19% of people in Tennessee were covered by Medicaid/CHIP.
- Medicaid/CHIP enrollment increased by 400,000 between 2013 and 2016.
- Tennessee's uninsured rate decreased from 13% in 2013 to 11% in 2015.
- In Tennessee, 31% of Medicaid spending is for Medicare beneficiaries.¹

Impact of the Better Care Reconciliation Act (HR 1628 being considered by the US Senate)

- 634,600 people in the state of Tennessee would lose their health coverage by 2026.²
- In Tennessee, 1,265,000 non-elderly adults have a declinable preexisting condition.³
- In Tennessee, premiums would rise. For example, if a 40-year-old in Nashville, earning \$30,000 a year, purchased a silver plan they would pay a \$790 increase in premium. A 60-year-old would pay a \$4,320 increase in premium.⁴
- The BCRA would limit access to substance abuse treatment by cutting Medicaid. In Tennessee, 1,457 people died of overdose deaths in 2015.⁵
