

## WASHINGTON FACT SHEET

### AAFP on Health Reform

The AAFP believes that policies should be adopted to ensure continued progress towards health care for all supported by a payment system that rewards value over volume of service. The health system should promote prevention and wellness, protect patients from financial barriers to needed services and build a primary care physician workforce that can meet the growing demand for care.

### Washington Family Medicine

- There are 3,225 family physicians in Washington.
- Washington has 19 family medicine residency programs.
- Washington has 47 medically underserved areas/populations.
- 3.9% of the residents in Washington live in a health professional shortage area.

### Medicaid in Washington

- In 2015, 22% of people in Washington were covered by Medicaid/CHIP.
- Medicaid/CHIP enrollment increased by 700,000 between 2013 and 2016.
- Washington's uninsured rate decreased from 12% in 2013 to 7% in 2015.
- In Washington, 31% of Medicaid spending is for Medicare beneficiaries.<sup>1</sup>
- If Washington were to maintain Medicaid expansion with decreased federal support, it would increase state costs by \$206 million in 2021, and \$1.9 billion in 2024.<sup>2</sup>

### Impact of the Better Care Reconciliation Act (HR 1628 being considered by the US Senate)

- 298,700 people in the state of Washington would lose their health coverage by 2026.<sup>3</sup>
- In Washington, 1,095,000 non-elderly adults have a declinable preexisting condition.<sup>4</sup>
- In Washington, premiums would rise. For example, if a 40-year-old in Olympia, earning \$30,000 a year, purchased a silver plan they would pay a \$270 decrease in premium. A 60-year-old would pay a \$1,290 increase in premium.<sup>5</sup>
- The BCRA would limit access to substance abuse treatment by cutting Medicaid. In Washington, 1,094 people died of overdose deaths in 2015.<sup>6</sup>
