

The American Academy of Family Physicians

Certifies that

**AAFP
ASSEMBLY**

has participated in the educational activity entitled

AAFP Assembly • Washington, DC October 21 - 25, 2014

This live activity, 2014 AAFP Assembly, has been reviewed and is acceptable for up to 37 Prescribed credits by the American Academy of Family Physicians (AAFP). This activity conforms to AAFP criteria for evidence-based CME clinical content. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The evidence-based CME content developed for this activity was based on a current clinical question that identifies gaps in learners' knowledge, competency, and/or performance in medical practice as identified in the current evidence available at the time this activity was approved. Because clinical research is ongoing and new evidence to supporting practice improvement is constant, the AAFP recommends that learners verify sources and review these as well as practice recommendations prior to implementation into practice.

The AAFP is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAFP designates this live activity for a maximum of 37 *AMA PRA Category 1 credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Optional, if you are a PA or NP: The AAPA and AANP accepts credit from the AAFP.

Ann Karty, MD, FAAFP
Medical Director, Continuing Medical Education Division
American Academy of Family Physicians

I claim _____ credit(s) for my participation in this CME activity.
