ACTIVITY DISCLAIMER

The material presented here is being made available by the American Academy of Family Physicians for educational purposes only. This material is not intended to represent the only, nor necessarily best, methods or procedures appropriate for the medical situations discussed. Rather, it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations.

The AAFP disclaims any and all liability for injury or other damages resulting to any individual using this material and for all claims that might arise out of the use of the techniques demonstrated therein by such individuals, whether these claims shall be asserted by a physician or any other person. Every effort has been made to ensure the accuracy of the data presented here. Physicians may care to check specific details such as drug doses and contraindications, etc., in standard sources prior to clinical application. This material might contain recommendations/guidelines developed by other organizations. Please note that although these guidelines might be included, this does not necessarily imply the endorsement by the AAFP.

DISCLOSURE

It is the policy of the AAFP that all individuals in a position to control content disclose any relationships with commercial interests upon nomination/invitation of participation. Disclosure documents are reviewed for potential conflict of interest (COI), and if identified, conflicts are resolved prior to confirmation of participation. Only those participants who had no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this CME activity.

All individuals in a position to control content for this activity have indicated they have no relevant financial relationships to disclose.

The content of my material/presentation in this CME activity will not include discussion of unapproved or investigational uses of products or devices.

Christine Sinsky, MD

Vice President of Professional Satisfaction, American Medical Association (AMA); Director, American Board of Internal Medicine; Physician, Medical Associates Clinic and Health Plans, Dubuque, Iowa.

Dr. Sinsky is a graduate of the University of Wisconsin in Madison. She completed her residency at Gunderson Medical Foundation/La Crosse Lutheran Hospital in Wisconsin, where she served as chief resident. Dr. Sinsky is a member of the National Advisory Council for Improving Primary Care through Industrial and Systems Engineering, and has served on the National Advisory Council of the Centers for Medicare & Medicaid Services' Comprehensive Primary Care Initiative. She is a fellow of the American College of Physicians (ACP) and the recipient of the Iowa ACP 2013 Laureate Award. Dr. Sinsky is a co-author of the Institute of Medicine's 2011 report, "Health IT and Patient Safety: Building Safer Systems for Better Care," and has twice provided testimony to the Office of the National Coordinator for Health Information Technology regarding the role of electronic health records in care coordination and usability. A frequent invited lecturer on practice innovation, redesign, and physician satisfaction, Dr. Sinsky has presented to groups including the AMA, the ACP, the Institute for Healthcare Improvement and the Patient-Centered Primary Care Collaborative, as well as to private and academic medical centers.

Learning Objectives

1. Discuss solutions for overcoming barriers to establishing pre-visit planning into practice.

FMX

Audience Engagement System

The image displays three sequential screenshots of a mobile application interface, labeled Step 1, Step 2, and Step 3, illustrating the navigation process. Step 1 shows a home screen with a 'CMEcenter' header and a list of activity categories. Step 2 shows a list of activities, with one selected. Step 3 shows the details of a selected activity, 'CME011 Acute Coronary Syndromes: Unchain My Heart', including a description and a 'View Details' button. Red arrows indicate the flow from Step 1 to Step 2, and from Step 2 to Step 3.
