

# Human Papillomavirus (HPV) and Cervical Cancer Prevention: Ask the Expert

David Glenn Weismiller, MD, ScM, FAAFP

## ACTIVITY DISCLAIMER

The material presented here is being made available by the American Academy of Family Physicians for educational purposes only. This material is not intended to represent the only, nor necessarily best, methods or procedures appropriate for the medical situations discussed. Rather, it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations.

The AAFP disclaims any and all liability for injury or other damages resulting to any individual using this material and for all claims that might arise out of the use of the techniques demonstrated therein by such individuals, whether these claims shall be asserted by a physician or any other person. Every effort has been made to ensure the accuracy of the data presented here. Physicians may care to check specific details such as drug doses and contraindications, etc., in standard sources prior to clinical application. This material might contain recommendations/guidelines developed by other organizations. Please note that although these guidelines might be included, this does not necessarily imply the endorsement by the AAFP.

## DISCLOSURE

It is the policy of the AAFP that all individuals in a position to control content disclose any relationships with commercial interests upon nomination/invitation of participation. Disclosure documents are reviewed for potential conflict of interest (COI), and if identified, conflicts are resolved prior to confirmation of participation. Only those participants who had no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this CME activity.

All individuals in a position to control content for this activity have indicated they have no relevant financial relationships to disclose.

The content of my material/presentation in this CME activity will not include discussion of unapproved or investigational uses of products or devices.

## David Glenn Weismiller, MD, ScM, FAAFP

Attending Physician, Rural Health Group, Inc., Roanoke Rapids, North Carolina.

Dr. Weismiller is a family physician practicing in eastern North Carolina, where he provides full-scope care that includes inpatient and maternity care. A proponent of "reflection in practice" and "learner-centered instruction," he is recognized nationally for his work in continuing medical education and faculty development. Having taught board review programs for the American Academy of Family Physicians (AAFP) for more than 20 years, he is the founding and current chair of the AAFP Family Medicine Board Review ExpressT live courses, as well as the AAFP's annual Family Medicine Update course. He is a frequent presenter at AAFP Family Medicine Experience (FMX) and teaches American Board of Family Medicine (ABFM) Self-Assessment Modules throughout the country. Dr. Weismiller is the author of numerous publications on issues related to women's and children's health, and he is an advocate for empowering individuals to make sound health care choices.

## Learning Objectives

1. Discuss solutions for overcoming barriers to providing optimal management of cervical cancer prevention in practice.

## Audience Engagement System
