ACTIVITY DISCLAIMER

The material presented here is being made available by the American Academy of Family Physicians for educational purposes only. This material is not intended to represent the only, nor necessarily best, methods or procedures appropriate for the medical situations discussed. Rather, it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations.

The AAFP disclaims any and all liability for injury or other damages resulting to any individual using this material and for all claims that might arise out of the use of the techniques demonstrated therein by such individuals, whether these claims shall be asserted by a physician or any other person. Every effort has been made to ensure the accuracy of the data presented here. Physicians may care to check specific details such as drug doses and contraindications, etc., in standard sources prior to clinical application. This material might contain recommendations/guidelines developed by other organizations. Please note that although these guidelines might be included, this does not necessarily imply the endorsement by the AAFP.

DISCLOSURE

It is the policy of the AAFP that all individuals in a position to control content disclose any relationships with commercial interests upon nomination/invitation of participation. Disclosure documents are reviewed for potential conflict of interest (COI), and if identified, conflicts are resolved prior to confirmation of participation. Only those participants who had no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this CME activity.

All individuals in a position to control content for this activity have indicated they have no relevant financial relationships to disclose.

The content of my material/presentation in this CME activity will not include discussion of unapproved or investigational uses of products or devices.

Alex Krist, MD, MPH, FAAFP

Faculty, Fairfax Family Practice Residency, Virginia; Associate Professor and Director of Research, Department of Family Medicine and Population Health, Virginia Commonwealth University, Richmond; Director of Community-Engaged Research, Center for Clinical and Translational Research, Virginia Commonwealth University, Richmond; Co-Director, Virginia Ambulatory Care Outcomes Research Network, Richmond.

Dr. Krist is an active clinician and teacher, as well as a busy researcher. His research supports Virginia's practice-based research network, which spans eight health systems and represents the full spectrum of primary care practice structures and cultures. Dr. Krist is a member of the U.S. Preventive Services Task Force (USPSTF) and has been one of the leading thinkers on how to operationalize USPSTF recommendations in clinical practice through patient activation and engagement, practice workflow and redesign, promotion of shared decision-making, and optimization of health information technology.

FMX

Learning Objectives

1. Discuss solutions for overcoming barriers to the integration of current USPSTF recommendation into practice.

FMX

Audience Engagement System

Step 1: Home screen with icons for Home, My Profile, My CME, My Events, My History, My Settings, and My Support.

Step 2: CME Events list showing details for 'Acute Coronary Syndrome' and 'Evaluating a Patient with Acute Coronary Syndrome'.

Step 3: Detailed view of 'Acute Coronary Syndrome: Unchain My Heart' event, including a description and a 'Join My Heart' button.
