

Abdominal Pain and Acute Abdomen Emergent and Urgent Care: Ask the Expert

Thomas Kintanar, MD, FAAFP, ABFM

ACTIVITY DISCLAIMER

The material presented here is being made available by the American Academy of Family Physicians for educational purposes only. This material is not intended to represent the only, nor necessarily best, methods or procedures appropriate for the medical situations discussed. Rather, it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations.

The AAFP disclaims any and all liability for injury or other damages resulting to any individual using this material and for all claims that might arise out of the use of the techniques demonstrated therein by such individuals, whether these claims shall be asserted by a physician or any other person. Every effort has been made to ensure the accuracy of the data presented here. Physicians may care to check specific details such as drug doses and contraindications, etc., in standard sources prior to clinical application. This material might contain recommendations/guidelines developed by other organizations. Please note that although these guidelines might be included, this does not necessarily imply the endorsement by the AAFP.

DISCLOSURE

It is the policy of the AAFP that all individuals in a position to control content disclose any relationships with commercial interests upon nomination/invitation of participation. Disclosure documents are reviewed for potential conflict of interest (COI), and if identified, conflicts are resolved prior to confirmation of participation. Only those participants who had no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this CME activity.

The following individual(s) in a position to control content for this activity have disclosed the following relevant financial relationships:

- Thomas Kintanar, MD, FAAFP, ABFM, disclosed a relationship with Takeda (IBD-C) – Honorarium and Speakers' Bureau; Astra Zeneca (OIC)-Honorarium and Stock/Bond Holdings; Iroko (Acute Pain) – Honorarium; Ironwood (Anti-inflammatory) – Speakers' Bureau; Pfizer and GSK – Stock/Bond Holdings

All other individuals in a position to control content for this activity have indicated they have no relevant financial relationships to disclose.

The content of my material/presentation in this CME activity will not include discussion of unapproved or investigational uses of products or devices.

Thomas Kintanar, MD, FAAFP, ABFM

Clinical Associate Professor of Medicine, Indiana University; Medical Director, Glenbrook Nursing Home, Wood Youth and Youth Services, Heartland Hospice, Lutheran Life Villages, and Coventry Meadows; Physician, Associated Family Medical Consultants Lutheran Medical Group

Dr. Kintanar maintains a very active private practice with Associated Family Medical Consultants Lutheran Medical Group in Fort Wayne, IN. He is also active in teaching medical students, family medicine residents, and midlevel-provider students. Dr. Kintanar is an AAFP Fellow and has served on the board of directors for the AAFP and its Transform board of directors. He also has served as a past president and board chair of the Indiana Academy of Family Physicians; is a past president of the American Association of Primary Care Endoscopy; and past president of the Philippine American Association of Family Physicians. Dr. Kintanar is grateful for the privilege of having taught nationally with FMX for over 12 years.

Learning Objectives

1. Discuss solutions for overcoming barriers to providing optimal management of abdominal pain in practice.

Audience Engagement System

The screenshot illustrates the Audience Engagement System interface across three steps:

- Step 1:** A dashboard with various icons for navigation and a search bar.
- Step 2:** A list of CME activities under the heading "CME Library". A red arrow points to the "Acute Abdomen & Nerve Pain" activity.
- Step 3:** A detailed view of the "CME001 Acute Coronary Syndromes: Unchain My Heart" activity, showing details like duration and a "View Details" button. A red arrow points to the "View Details" button.
