

Benign Prostatic Hyperplasia (BPH): Ask the Expert

Edwin Prevatte, MD, FAAFP

ACTIVITY DISCLAIMER

The material presented here is being made available by the American Academy of Family Physicians for educational purposes only. This material is not intended to represent the only, nor necessarily best, methods or procedures appropriate for the medical situations discussed. Rather, it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations.

The AAFP disclaims any and all liability for injury or other damages resulting to any individual using this material and for all claims that might arise out of the use of the techniques demonstrated therein by such individuals, whether these claims shall be asserted by a physician or any other person. Every effort has been made to ensure the accuracy of the data presented here. Physicians may care to check specific details such as drug doses and contraindications, etc., in standard sources prior to clinical application. This material might contain recommendations/guidelines developed by other organizations. Please note that although these guidelines might be included, this does not necessarily imply the endorsement by the AAFP.

DISCLOSURE

It is the policy of the AAFP that all individuals in a position to control content disclose any relationships with commercial interests upon nomination/invitation of participation. Disclosure documents are reviewed for potential conflict of interest (COI), and if identified, conflicts are resolved prior to confirmation of participation. Only those participants who had no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this CME activity.

All individuals in a position to control content for this activity have indicated they have no relevant financial relationships to disclose.

The content of my material/presentation in this CME activity will not include discussion of unapproved or investigational uses of products or devices.

Edwin Prevatte, MD, FAAFP

Program Director, Halifax Health Family Medicine Residency Program, Daytona Beach, Florida; Clinical Assistant Professor, Florida State University College of Medicine; Affiliate Assistant Professor, University of South Florida College of Medicine, Tampa.

Dr. Prevatte is a graduate of the University of South Florida College of Medicine in Tampa. He completed his residency at Halifax Medical Center. Dr. Prevatte has practiced family medicine serving a diverse patient population for more than 30 years. He has been involved in graduate medical education for the past 20 years and has been the recipient of several teaching awards. He provides care to patients of all ages in both the inpatient and outpatient settings with an emphasis on male and female reproductive health.

Learning Objectives

1. Discuss solutions for overcoming barriers to providing optimal management of benign prostatic hyperplasia in practice.
