

Chronic Obstructive Pulmonary Disease: Ask the Expert

COL Douglas Maurer, DO, MPH, FAAFP

ACTIVITY DISCLAIMER

The material presented here is being made available by the American Academy of Family Physicians for educational purposes only. Please note that medical information is constantly changing; the information contained in this activity was accurate at the time of publication. This material is not intended to represent the only, nor necessarily best, methods or procedures appropriate for the medical situations discussed. Rather, it is intended to present an approach, view, statement, or opinion of the faculty, which may be helpful to others who face similar situations.

The AAFP disclaims any and all liability for injury or other damages resulting to any individual using this material and for all claims that might arise out of the use of the techniques demonstrated therein by such individuals, whether these claims shall be asserted by a physician or any other person. Physicians may care to check specific details such as drug doses and contraindications, etc., in standard sources prior to clinical application. This material might contain recommendations/guidelines developed by other organizations. Please note that although these guidelines might be included, this does not necessarily imply the endorsement by the AAFP.

DISCLOSURE

It is the policy of the AAFP that all individuals in a position to control content disclose any relationships with commercial interests upon nomination/invitation of participation. Disclosure documents are reviewed for potential conflict of interest (COI), and if identified, conflicts are resolved prior to confirmation of participation. Only those participants who had no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this CME activity.

All individuals in a position to control content for this session have indicated they have no relevant financial relationships to disclose.

The content of my material/presentation in this CME activity will not include discussion of unapproved or investigational uses of products or devices.

COL Douglas Maurer, DO, MPH, FAAFP

Program Director, Faculty Development Fellowship, Madigan Army Medical Center, Tacoma, Washington; Associate Professor, Uniformed Services University of the Health Sciences, Bethesda, Maryland; Clinical Associate Professor, University of Washington School of Medicine, Seattle

Dr. Maurer is a graduate of the Ohio University Heritage College of Osteopathic Medicine, Athens, and completed his family medicine residency at Tripler Army Medical Center, Honolulu, Hawaii, and completed faculty development fellowships at the Madigan Army Medical Center in Waco, Texas, and Tacoma, Washington. Dr. Maurer served five years as program director of the Carl R. Darnall Army Medical Center Family Medicine Residency in Fort Hood, Texas. He currently practices full-service family medicine with a diverse patient population at Madigan Army Medical Center. Having taught medicine for nearly 20 years, Dr. Maurer has won multiple teaching awards, including the 2015 Teacher of the Year award at Madigan Army Medical Center. His research interests include medical simulation, medical applications, primary care education, prevention of obesity, and evidence-based medicine.

The logo for FMX is located at the bottom right of the slide. It consists of a horizontal orange bar with diagonal white stripes on the left side, followed by the letters "FMX" in a bold, white, sans-serif font on a solid orange background.

FMX

Learning Objectives

1. Discuss solutions for overcoming barriers to providing optimal management of patients with chronic obstructive pulmonary disease.

Associated Session

- Chronic Obstructive Pulmonary Disease: A Breathless Update
