

# What Prevents Men From Going to the Doctor?\*

\*\* 23% of men say they are healthy and don't need to see a doctor.

\*According to a 2007 survey conducted online by Harris Interactive® on behalf of the American Academy of Family Physicians of 2,282 U.S. Adults, of whom 1111 were men. Sampling error is +/-5.

\*\*Survey participants also were also given the options: I prefer to treat myself naturally; I don't have time to go to the doctor; I don't know of a good doctor in my area; something else; and nothing.
