Other common gastrointestinal symptoms

- K30: Functional dyspepsia (indigestion)
- R14.0: Abdominal distension (bloating)
- R19.11: Absent bowel sounds
- R19.4: Change in bowel habit
- R10.83: Colic
- K59.00: Constipation
- R19.7: Diarrhea
- R13.10: Dysphagia, unspecified
- R14.2: Eruption
- R14.3: Flatulence
- R14.1: Gas pain
- R12: Heartburn (excludes dyspepsia)
- R16.0: Hepatomegaly, not elsewhere classified
- R19.12: Hyperactive bowel sounds
- R11.0: Nausea, without vomiting
- R11.2: Nausea, with vomiting
- R19.5: Occult blood in feces/stool
- R11.11: Vomiting without nausea

COMMON DIGESTIVE SYSTEM DISEASES AND DISORDERS

- K81.0: Acute cholecystitis
- K70.30: Alcoholic cirrhosis of the liver without ascites
- K22.711: Barrett’s esophagus with high-grade dysplasia
- K22.710: Barrett’s esophagus with low-grade dysplasia
- K22.719: Barrett’s esophagus with unspecified dysplasia
- K22.70: Barrett’s esophagus without dysplasia
- K80.00: Calculus of gallbladder with acute cholecystitis without obstruction
- K80.2: Calculus of gallbladder without cholecystitis
- K90.0: Celiac disease
- K59.00: Constipation
- K50.80: Crohn’s disease of both small and large intestine without complications
- K50.10: Crohn’s disease of large intestine without complications
- K50.00: Crohn’s disease of small intestine without complications
- K57.32: Diverticulitis of large intestine without perforation or abscess without bleeding
- K57.30: Diverticulosis of large intestine without perforation or abscess without bleeding
- K20.0: Eosinophilis esophagitis
- K20.8: Esophagitis, other
- K20.9: Esophagitis, unspecified
- K76.0: Fatty liver, not elsewhere classified
- K21.0: Gastro-esophageal reflux disease with esophagitis
- K21.9: Gastro-esophageal reflux disease without esophagitis
- K92.0: Hematemesis
- K64.0: Hemorrhoids, first degree, without prolapse of anal cavity
- K64.1: Hemorrhoids, second degree, prolapse with straining but retract spontaneously
- K64.2: Hemorrhoids, third degree, prolapse with straining and require manual replacement
- K64.3: Hemorrhoids, fourth degree, prolapsed, cannot be manually replaced
- K40.20: Hernia, bilateral inguinal, without obstruction or gangrene, not specified as recurrent
- K40.90: Hernia, unilateral inguinal, without obstruction or gangrene, not specified as recurrent
- K42.9: Hernia, umbilical, without obstruction or gangrene
- K43.2: Hernia, incisional, without obstruction or gangrene
- K58.0: Irritable bowel syndrome with diarrhea
- K58.9: Irritable bowel syndrome without diarrhea
- K75.81: Nonalcoholic steatohepatitis
- K85.2: Pancreatitis, acute, alcohol induced
- K85.0: Pancreatitis, acute, idiopathic
- K51.00: Ulcerative pancolitis without complications
- K51.30: Ulcerative rectosigmoiditis without complications
