

2012 AAFP Proficiency Testing Order Form

ORDER INFORMATION

Enroll in AAFP-PT by Dec. 1, 2011, to guarantee specimen availability for 2012!

However, AAFP-PT accepts enrollments throughout the year at a prorated cost for testing modules. The annual registration fee is not prorated and is not refundable.

To ensure specimen availability and to avoid delay in processing, please complete the AAFP-PT Order Form in its entirety. Once you've selected the modules your laboratory needs:

- Print clearly all the requested information on the AAFP-PT Order Form
- Place an X by the module(s) you are ordering
- Fax the Order Form to (913) 906-6079
- Or, mail it to AAFP-PT, 11400 Tomahawk Creek Parkway, Leawood, Kansas, 66211-2672
- Or, order online at www.aafp.org/pt with a credit card payment

An order form must accompany all purchase orders. If you need assistance in Module selection, contact one of our program coordinators at 800-274-7911, option 2.

ORDER CONFIRMATION, WELCOME PACKS AND SETUP CONFIRMATIONS

You will receive an email confirmation when your order is processed. This confirmation will be sent to the email address provided at the time of enrollment. Please notify AAFP-PT if your email address changes, or if there are additional addresses that should receive Proficiency Testing communications.

Welcome Pack — The Welcome Pack is sent to all new program enrollees. It lists all the modules in which your laboratory has enrolled. Under each module, please mark a check next to every analyte your laboratory intends to test for proficiency and also check the instrument/kit/test method from the provided list that you will be using to perform the proficiency testing. It is critical that this information be complete and accurate in order to ensure that you receive the appropriate reporting materials and are graded with the correct peer groups. Please return promptly to AAFP-PT. After your information has been processed by AAFP-PT, you will be able to generate a Set-up Confirmation (see below) to review.

Set-up Confirmation — By mid January, participants may log in to PT Central to print and review their Setup Confirmation. This form describes your current reporting set up. Please review carefully for an accurate listing of all analytes and testing methods. Indicate any changes to your testing menu (analytes added or deleted) or any changes in instrumentation or kits and fax the changes promptly to AAFP-PT. For participants reporting online, changes may be made at any time. For participants reporting by paper, changes must be received six weeks prior to the shipping date to be included on the paper forms. Changes received after that date will be made after the results due date.

Changes and Additions to Order

All changes must be submitted in writing by fax, mail or e-mail to AAFP-PT three weeks prior to an event shipping date. Any module may be added to an existing order depending on the shipping schedule, result due date and material availability. A \$25.00 shipping charge will be applied if a separate shipment is required. The module cost will be prorated according to the number of shipments remaining in the program year and the financially responsible party will be invoiced.

Refund/Cancellation Policy

Module cancellations must be received in writing 6 weeks prior to the event ship date to receive credit for that event. The annual registration fee is not prorated and is non-refundable. Facilities will be issued a credit for deleted modules based on the number of shipments remaining in the program year. Credits will be applied to the following year's proficiency testing order. If no order is being placed for the next year, a refund check will be issued upon request at the end of the current program year.

Off Schedule/Reinstatement Testing

Subject to product availability, proficiency testing specimens are available throughout the program year. AAFP-PT provides reinstatement specimens for regulated analytes as required by CLIA regulations. Under normal circumstances, specimens can be shipped the same day or next day, with a 7-10 day evaluation process once results are received (unless otherwise specified when the order is placed). AAFP-PT will report your reinstatement testing performance to CMS or COLA the same day you receive your evaluation. Price is per specimen. Pre-paid orders only are accepted for off schedule shipments. AAFP-PT will provide specimen handling instructions and simple to use result forms. For more information call (800) 274-7911, ext. 4146.

Accreditation Statements

AAFP Physician's Proficiency Testing Program has been reviewed and is acceptable for up to 12 Prescribed credits by the American Academy of Family Physicians. AAFP accreditation begins 3/3/10. Term of approval covers three events offered within one year from this date with option for yearly renewal.

The American Academy of Family Physicians is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. The American Academy of Family Physicians designates this educational activity for a maximum of 12 AMA PRA Category 1 Credit(s)TM. Physicians should only claim credit commensurate with the extent of their participation in the activity. Credit may be claimed for one year from the date of this event.

AAFP-PT is approved as a Provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.[®] Program. AAFP-PT is also an approved provider for California clinical laboratory licensees under the P.A.C.E.[®] Program. The level of instruction for this event is basic. This event is worth 4 P.A.C.E.[®] Contact Hours.
