

AAFP- Laboratory Proficiency Testing

Program Highlights:

- **Competitive Pricing** - Most of our PT modules are less expensive than our competitors!
- **Excellent customer and technical service** - Our experienced medical technology staff has over 80 years of clinical laboratory experience combined and is always ready to provide technical assistance in troubleshooting your clients' problems.
- **Convenient Shipping** - Our modules are shipped only 3 times per year – March, June, and October. All of the laboratories PT modules are shipped together, directly to the laboratory.
- **Continuing Medical Education** - Our program offers 12 hours of CME credit. Anyone in the laboratory can review the educational material and submit the test to receive credit. The CME is geared towards the POL market, with articles written by professional's in the laboratory industry. Our CME is a great teaching tool for all laboratory personnel.

- **New Online Access System** - Beginning in 2008, the AAFP-PT program is pleased to introduce a brand new online access system! This system will be a state of the art, easy to follow, reporting tool for your clients' needs featuring:
 - No Computer set-up requirements
 - Results can be quickly and easily submitted online – your clients' online account will include their analytes and methods
 - Automatic e-mail notice that your clients' results have been received
 - Access to all of your labs' evaluations and forms
 - Receive an e-mail notice when your clients' evaluation is ready
 - Faster turnaround time for evaluations
