Patient Education Content

Leading-edge, up-to-date content from primary care's established champion—the American Academy of Family Physicians

Why License AAFP Content?

The AAFP has served as the trusted, go-to source of evidence-based medical content for family physicians around the globe for more than seven decades. From articles to resources and tools, we offer our partners a range of health care-focused resources.

About the AAFP

The Academy is the bold champion for more than 129,000 family physicians, residents, and medical students—many of whom sustain the front lines of America's health care system. Our content strives to help health care professionals improve the health of patients, families, and communities in areas of strategic importance, such as Advocacy, Practice Enhancement, Education, and Health of the Public.

The AAFP licenses content on a variety of topics, such as clinical guidelines, practice management, and physician and patient education.
