The AAFP Credit System was the first national CME accreditor for physicians in the US and today, is the only accreditor focused solely on the needs of family physicians. The AAFP Credit System reviews CME activity credit applications, on a per activity basis, and awards either AAFP Prescribed or Elective credit to activities that comply with our eligibility requirements under the direction of the Commission on Continuing Professional Development (COCPD). Questions? Contact us at 800-274-2237 or at cmecredit@aafp.org. MED2304166
