

2025 Posters

July 31-August 2 | FUTURE | Kansas City, MO

FUTURE's poster competition is an opportunity for med students and fam med residents to share innovative research and unique projects. This year's authors offer valuable insights within the categories of clinical inquiry, community projects, educational programs, and research.

Research Poster Presentations

Impact of Opt-Out Sexually Transmitted Infection Screening Model in 15-25 Year Olds in a Medium-Low Socioeconomic Status Zip Code in Milwaukee, WI

Baila Khan | Medical College of Wisconsin

Michelle Asuncion-Castor, DO, Samantha Bibee, MD, and Taura Khorramshahi, DO | Ascension Columbia St. Mary's Family Medicine Program

Do Medical School Primary Care Pathway Programs Improve Family Medicine Match Rates? A Regression Discontinuity Study

Bryanna Godfrey | Columbia University Vagelos College of Physicians and Surgeons

Spencer Dunleavy, MD | University of Pennsylvania Family Medicine

A Moving Target: Working Toward Comprehensive Maternity Care in Rural Upstate South Carolina

Shelby Re and Madison Stanley | University of South Carolina School of Medicine Greenville

Specialty Disrespect: Medical Student Experiences & Impact

Quang Dang, Tucker Morris, and Cynthia Lai, MD | Western Michigan University Homer Stryker M.D. School of Medicine

Comparison of Risk Factors of Those Requiring Oral Anti-Hypertensive Therapy Following Magnesium Sulfate in Preeclampsia

Abbie Bowman, Marissa Jansen, Kaitlyn Hull, and Natalie Shugart | Medical University of South Carolina

Non-Steroidal Anti-Inflammatory Drugs (NSAID) and Aspirin Prescribing Prior to Colorectal Cancer Diagnosis: A Systematic Review

Maria Rybacka and Kurdo Araz | Royal College of Surgeons in Ireland

Family Physicians' Approach to Diagnosis of the Patient With Self-Diagnosed ADHD

Jonah Lewis | University of Virginia

Effect of Provider Education Regarding Intraoperative Floppy Iris Syndrome on Tamsulosin Prescribing Intention

Brieanne Horton, DO, Seth Jewett, MD, Holly Merdian, DO, and Grace Timmis, DO | East Tennessee State University Johnson City Family Medicine

Assessing the Value of ChatGPT in Major Depressive Disorder Through Google Web Search Analysis

Carley Irlmeier, DO, and Sophie Bernstein, MD | Broadlawns Transitional Year Residency Program

Alex Gu, MD | George Washington Orthopedic Surgery Residency Program

Point-of-Care Serum Bilirubin Is Efficient and Comparable to Hospital Based Testing

Jonathan Toot, Stephen Grossi, MD, Aaron Berenson, MD, and Shaunrick Stoll, MD | Soin Family Medicine

**Impact of Prenatal Care Facility on Intimate Partner Violence Screening in the Prenatal Period:
Evidence From the Pregnancy Risk Assessment Monitoring System, 2016-2022**

Timothy Ihongbe, MD, MPH, PhD | Texas Tech University (Permian Basin) Family Medicine Residency Program

Covid-19 Vaccine Hesitancy Amongst Family Medicine Residency Clinic Staff

Anna Bogdanova, MD, Charles Andrawos, MD, Jordan Barth, MD, and Qianyun Wang, MD | University of North Dakota Family Medicine Residency

Poster Displays

Expanding Reproductive Healthcare in Rural America: Using Online Advertising to Compete With Crisis Pregnancy Centers (Community Project)

Katherine Hartnett and Nevin Fowler | Geisel School of Medicine at Dartmouth

Evaluating the Impact of Obesity Treatment on Quality of Life in a Diverse Safety-Net Hospital Population (Community Project)

Brett Cervantes | David Geffen School of Medicine at UCLA

Natalie Bouri, MD, and Katie Thure, MD, MPH | Internal Medicine at UCLA

Diagnosing Coarctation of the Aorta in Pediatric Hypertension: Preventing Missed Signs, Promoting Early Detection (Clinical Inquiry)

Ryunosuke Hisatomi, MD | LSU Health Shreveport Family Medicine Residency

The Gap Between Guidelines and Real-World Practice: Over-Screening and Over-Supplementation of Vitamin D in Asymptomatic Adults (Clinical Inquiry)

Asim Mahat, MD, Upama Mishra, MD, Thin Soe, MD, and Victor Nkwopara, MD | Mohawk Valley Health System Family Medicine Residency Program

Priming for PrEP: Enhancing Graduate Medical Education Training through Community Partner Engagement (Educational Program)

Julia Roth, DO | Northside Hospital Family Medicine Residency

Janine Kfoury, DO | Northside Family Medicine Program

Creating STEM Opportunities for Milwaukee Youth and Improving Community Engagement Skills for Medical Students Through Science Nights (Community Project)

Abbey Stoltenburg and Sheyenne Tung | Medical College of Wisconsin-Milwaukee

Caring for Appalachians Through Service "CATS" Clinic: Delivering Holistic, Accessible Care Through a Rural Student-Run Clinic for Unhoused Populations in Appalachian Kentucky (Community Project)

Amber Schifano, Bradley Firchow, Alison Marcum, and Madison Meister | University of Kentucky College of Medicine

Predictors of Intentional Home Births in the U.S: Demographics, Access, and Maternal Decision Making (Research)

Alexandra Maters and Vikasni Mohan | University of Miami Miller School of Medicine

The Effect of CHAMPS Coaching on Medical Student Confidence Counseling Healthy Lifestyle Modifications (Educational Program)

Bayley Stewart | Kansas City University

Protect and Prevent: Expanding Flu Immunizations in the Galveston Community (Community Project)

Elizabeth Nemirovski, Joonwu Kang, and Sophia Lee | University of Texas Medical Branch John Sealy School of Medicine

Surgical FM OB Fellowship Leads to Expanded Procedural Training for a Bilingual Low Resource Community (2019-2024) (Research)

*Grace LaFleur | Baptist University College of Osteopathic Medicine
Caleb Fox | University of Arkansas Medical Science*

Neighborhood Disadvantage & Physical Activity Among Cancer Survivors (Research)

Beckley Wilkes | UAB Heersink School of Medicine

Preventing the Preventable—Missed Tuberculosis Screening in an Immunosuppressed Immigrant: A Call for Leadership, Advocacy, and Systemic Change (Clinical Inquiry)

Alan Tran, DO, and Phuong Huynh, MD | Southwest Health Care Medical Education Consortium

Knowledge and Perceptions of Concussions and Related Academic Accommodations in High School Teachers and Coaches (Community Project)

Sarah Thompson, Chakameh Akhavan, and Kalena Spinola | A. T. Still University - School of Osteopathic Medicine in Arizona

Enhancing Medical Students' Procedural Comfort and Knowledge in a Workshop Week (Educational Program)

Sloane Donovan and Sara Pacer | The University of Alabama at Birmingham Heersink School of Medicine

Intrapartum Fever—Coccidioidomycosis Diagnosed During Labor: A Case Report (Clinical Inquiry)

Ana Paula de Cunha Varela, MD, MPH, and Maique Vo, DO | UCSF Fresno

Facilitating Patient Enrollment in Federal Benefit Programs as a Social Medicine Intervention (Community Project)

*Grayson Holt | Harvard Medical School
Tim Scheinert | Hackensack Meridian School of Medicine*

How Special Programming Increases Rural Physician Workforce (Educational Program)

Devan Woody | East Tennessee State University - Quillen College of Medicine

Improving Breastfeeding Exclusivity and Duration With Earlier Postpartum Visits and Lactation Support (Research)

Gloria Zhang, Whitney Black, and Lauren Castelbaum | University of Rochester School of Medicine and Dentistry

Case Report: Hypergalactia and Breast-Mass Differential, Staying Abreast on Lactation Medicine (Clinical Inquiry)

Alessandra Tozzi, DO | Novant Health Family Medicine Residency Program

UAB SOM Dean's Primary Care Scholars Program (DPCSP): Bridging the Gap in Primary Care Specialties Across Alabama (Educational Program)

Olaitan Okungbowa, MD | Cahaba UAB Family Medicine Residency

Albuquerque Harm Reduction Fest: A Model for Evaluating Community Perceptions of Harm Reduction After Attending an Education-Focused Music Festival (Community Project)

Maxwell Randall, Xander Auguston, Corrina Klein, and Andrew Angel | University of New Mexico School of Medicine

Impacts of Medical Clinic or Educational Event Participation on Medical Student Perception of Underserved Populations (Educational Program)

Sara Kayser and Hannah Heskin | Arizona College of Osteopathic Medicine, Midwestern University

Rates and Predictors of Intention to Get Preventive Screenings Among Individuals in Recovery from Substance Use Disorders (Research)

Afsha Hossain | Medical College of Georgia at the Augusta University/University of Georgia Medical Partnership

Assessing Factors That Influence Psychiatric Referral Time and Postpartum Follow Up in Obstetrics Patients (Research)

*Lauren Womer, Hannah McBride, and Shayan Jalali | Lewis Katz School of Medicine at Temple University
Derek Harmanli, MD | St. Elizabeth's Medical Center Psychiatry Residency*

Student-Led Anti-Racism Educational Program in Collaboration With Specialty Student Interest Groups (Educational Program)

Kanoa Kelly, Guransh Nanda, and Chidera Ibezue | University of Texas Southwestern Medical School

Developing a Yoga Anatomy Course for Medical Students: Integrating Mind-Body Education and Wellness Into Health Care Training (Educational Program)

Saumya Nimmagadda and Nicole Parker | University of California, Irvine

Developing a Resource-Oriented Curriculum for Medical Students: So, You Identified an SDOH Concern...Now What? (Educational Program)

Elizabeth Schwartz | UMass Chan Medical School

Success of an Asynchronous Online Ophthalmology Course Designed for Medical Students Entering Primary Care Specialties (Educational Program)

Hassan Hafeez | University of Cincinnati College of Medicine

Evaluating Nursing Home Access for Formerly Incarcerated Individuals Granted Compassionate Release (Research)

Reed Junkin, Gabriel Dayanim, and Bianca Bergsneider | Warren Alpert Medical School of Brown University

Enhancing Health Literacy and Self-Empowerment Amongst Agricultural Workers With Type 2 Diabetes in Southeastern North Carolina (Community Project)

John Leland | UNC-Chapel Hill

RIME: An Overlooked Condition in Family Medicine (Clinical Inquiry)

Mayver Gonzalez, MD | University of Texas at Tyler

Beyond the Needle: Utilizing Osteopathic Manipulative Treatment as an Alternative to Glucocorticoid Injections for Treatment of Adhesive Capsulitis in Patients With Diabetes (Clinical Inquiry)

Anamaria Ancheta, Marc James Thor Uy, and Alexis Thompson | Burrell College of Osteopathic Medicine

Empowering Resilience: Assessing the Muslim Mental Health Initiative's Impact on Muslim Students (Community Project)

Salma Saifuddin | Rowan-Virtua School of Osteopathic Medicine

Multidisciplinary Approach to Management of Intrahepatic Cholestasis of Pregnancy (Clinical Inquiry)

Parul Mamgain, MD, and Katellen Gomes, MD | TIGMER Laredo Family Medicine Residency Program

Transforming Clinical Queries: The Impact of Medical Librarians in a Residency Program (Educational Program)

Ainslee Crose, MD | University of Minnesota Methodist Family Medicine Residency

Analysis of Attitudes and Information Regarding Pap Smears on Social Media Platform TikTok (Research)

Aashna Reddy, Bartosz Skiba, and Aditya Mudigonda | Rowan-Virtua School of Medicine

Improving the Productivity of an Academic Family Medicine Department and Family Medicine Residency Program Continuity Clinic (Community Project)

Austin White, DO | Dignity Health East Valley Family Medicine Residency Program
