

Fall is almost here...
and so is flu season.

Highlight

on VACCINATION 4 TEENS

We are sending a reminder to all parents of our teenage patients that the Centers for Disease Control and Prevention (CDC) recommends that teens get the flu vaccine every year.

Please contact our office to schedule your teen's appointment. Based on their age and medical records, we can discuss other vaccinations that may be needed as well. More information is also available at www.cdc.gov/vaccines/who/teens.

This program provided through the AAFP Foundation with support from Sanofi Pasteur.
