

## CHECKLIST: EMERGENCY SUPPLIES FOR FAMILY MEDICINE OFFICES

The following checklist of recommended emergency supplies includes many expected items as well as several items less commonly found in family medicine offices. In deciding whether to include a particular item in your practice, consider your staff members' ability to use the item appropriately and your office's access and proximity to emergency services.

| Equipment  | Medications   |
|--|---|
| <input type="checkbox"/> Automated external defibrillator (AED)  | <input type="checkbox"/> Acetaminophen (rectal suppositories) |
| <input type="checkbox"/> Bag mask ventilator (two bag sizes and three mask sizes for adult, pediatric, and infant) | <input type="checkbox"/> Albuterol                            |
| <input type="checkbox"/> Blood pressure cuff (all sizes)   | <input type="checkbox"/> Aspirin, chewable                    |
| <input type="checkbox"/> Blood spill cleanup kit   | <input type="checkbox"/> Atropine                             |
| <input type="checkbox"/> Cardiac board   | <input type="checkbox"/> Ceftriaxone                          |
| <input type="checkbox"/> CPR barrier device  | <input type="checkbox"/> Corticosteroids, parenteral          |
| <input type="checkbox"/> Eye wash  | <input type="checkbox"/> Dextrose 25% and 50%                 |
| <input type="checkbox"/> Glucometer  | <input type="checkbox"/> Diazepam, parenteral                 |
| <input type="checkbox"/> Intravenous catheter/butterfly needles (18 to 24 gauge)                                   | <input type="checkbox"/> Diphenhydramine, oral and parenteral |
| <input type="checkbox"/> Intravenous extension tubing and T-connectors   | <input type="checkbox"/> Epinephrine injection                |
| <input type="checkbox"/> Nasal airways (one set)   | <input type="checkbox"/> Flumazenil                           |
| <input type="checkbox"/> Nasogastric tubes   | <input type="checkbox"/> Glucagon                             |
| <input type="checkbox"/> Nasal cannula for oxygen  | <input type="checkbox"/> Lidocaine                            |
| <input type="checkbox"/> Nebulizer or metered dose inhaler with spacer and face mask                               | <input type="checkbox"/> Lorazepam, sublingual                |
| <input type="checkbox"/> Non-rebreather mask (three sizes)   | <input type="checkbox"/> Morphine                             |
| <input type="checkbox"/> Oxygen mask (three sizes)   | <input type="checkbox"/> Naloxone                             |
| <input type="checkbox"/> Oxygen tank and flow meter  | <input type="checkbox"/> Nitroglycerin spray                  |
| <input type="checkbox"/> Portable suction device and catheters, or bulb syringe                                    | <input type="checkbox"/> Saline, normal                       |
| <input type="checkbox"/> Pulse oximeter for child and adult usage  |   |
| <input type="checkbox"/> Resuscitation tape (color-coded)  |   |
| <input type="checkbox"/> Universal precautions (latex-free gloves, masks, and eye protection)                      |   |
