

Preferred Photo Format: Color 5x7 at 300 dpi resolution.

Provided as tif or high-res jpg file.

Do send photos that are at least 3x5 and 300 dpi. Smaller images will not work well for printing purposes. Photo at right shows a low-res or small image enlarged for commercial printing.

Do take notice of objects in the background to avoid a busy or distracting environment.

Do shoot your subject close up for a head and shoulders portrait. Full body images that are cropped and need resizing will not print clearly.

Do position your subject in front of a solid background that is not too bright or too dark.

This is a sample of a good photo.
