

# Student Leadership Participation Form

The following student has expressed an interest in participating in leadership activities as a student member of the American Academy of Family Physicians (AAFP). The AAFP represents more than 134,600 physicians and medical students nationwide and is the only medical society devoted solely to primary care. As an appointed AAFP student leader, this student will have the opportunity to learn more about family medicine and organizational and political issues affecting the health care environment. National AAFP leadership positions require attendance at three or more national meetings throughout the year, including the National Conference of Family Medicine Residents and Medical Students in the summer. **The student will provide information about the position(s) of interest and the timing of required meetings. We recommend that the academic office keep a copy of the position information and this form in the student's file.**
