The Honorable Thad Cochran
Ranking Member, Subcommittee on Labor-
HHS-Education
Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Madam Speaker, Leaders, Chairmen and Ranking Members:

The undersigned patient, consumer, provider, research, and employer organizations representing the Friends of AHRQ thank you for your support of the Agency for Healthcare Research and Quality (AHRQ). As you know, AHRQ supports research to improve health care quality, reduce costs, advance patient safety, decrease medical errors, and broaden access to essential services—evidence that will support health care transformation and advance the goals of health reform. We respectfully urge you to finalize the FY 2011 Labor, Health and Human Services, Education and Related Agencies appropriations bill without further delay, and to provide the highest possible funding level for the agency's core programs.

Evidence generated by AHRQ helps make a measurable difference in health care for all Americans. Recent investments in AHRQ have allowed the agency to continue its critical health care safety, quality, and efficiency initiatives; strengthen the infrastructure of the research field;

reignite innovation and discovery; develop the next generation of scientific pioneers; and ultimately, help transform health and health care.

The Friends of AHRQ remains dedicated to ensuring the agency's continued vital role in improving our nation's health, and we look forward to working with you to further strengthen the agency. For more information on the Friends of AHRQ, contact David Helms with the Coalition for Health Services Research at 202.292.6700 or e-mail at david.helms@academyhealth.org.

Sincerely,
