

# Friends of the Health Resources and Services Administration (HRSA)

c/o American Public Health Association  
800 I Street NW  
Washington DC, 20016  
202-777-2513

April 6, 2011

The Honorable Tom Harkin  
Chairman  
Senate Appropriations Subcommittee  
on Labor, HHS and Education  
131 Dirksen Senate Office Building  
Washington, DC 20510

The Honorable Richard Shelby  
Ranking Member  
Senate Appropriations Subcommittee  
on Labor, HHS and Education  
156 Dirksen Senate Office Building  
Washington, DC 20510

The Honorable Dennis Rehberg  
Chairman  
House Appropriations Subcommittee  
on Labor, HHS and Education  
2358B Rayburn House Office Building  
Washington, DC 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Subcommittee  
on Labor, HHS and Education  
1016 Longworth House Office Building  
Washington, DC 20515

Dear Chairman Harkin, Chairman Rehberg, Ranking Member Shelby and Ranking Member DeLauro:

**The undersigned members of the Friends of HRSA coalition urge you to provide at least \$7.65 billion for the Health Resources and Services Administration (HRSA) in FY 2012 in the Labor, Health and Human Services and Education Appropriations bill.**

While we recognize the reality of the current fiscal climate, our request of \$7.65 billion represents the minimum amount necessary for HRSA to continue to meet the health care needs of the American public. Over the past several years, HRSA has received mostly level funding, undermining the ability of its successful programs to grow. The requested minimum level of funding will allow the agency to carry out critical public health programs and services that reach millions of Americans, including training for public health and health care professionals, providing primary care services through community health centers, improving access to care for rural communities, supporting maternal and child health care programs, providing health care to people living with HIV/AIDS, and many more. However, much more is needed for the agency to achieve its ultimate mission of ensuring access to culturally competent, quality health services; eliminating health disparities; and rebuilding the public health and health care infrastructure.

The Friends of HRSA coalition is a non-profit and non-partisan alliance of more than 180 national organizations, collectively representing millions of public health and health care professionals, academicians and consumers. The coalition's principal goal is to ensure that HRSA's broad health programs receive the support necessary to reach the populations presently underserved by the nation's patchwork of health services.

HRSA operates programs in every state and thousands of communities across the country and is a national leader in providing health services for individuals and families. The agency serves as a health

safety net for the medically underserved, including the 50 million Americans who were uninsured in 2009 and 50 million Americans who live in neighborhoods where primary health care services are scarce.

Greater investment is necessary to sufficiently fund HRSA services and programs that continue to face increasing demands. We urge you to consider HRSA's role in building the foundation for health service delivery and ensuring that vulnerable populations receive quality health services, while continuing to strengthen our nation's health safety net programs. By supporting, planning for and adapting to change within our health care system, we can build on the successes of the past and address new gaps that may emerge in the future.

We are grateful for your support in the past and **urge you to support a funding level of \$7.65 billion for HRSA in FY 2012.**

Sincerely,
