The following resources represent a non-exhaustive list of evidence-based measures that can be incorporated into an activity:

- AMA-convened Physician Consortium for Performance Improvement (PCPI) measures:

- NCQA (National Committee for Quality Assurance): HEDIS® measures:

- PQRS (Physician Quality Reporting system):

- AAFP resource page on performance measurement:
  [http://www.aafp.org/about/policies/all/performance-measures.html](http://www.aafp.org/about/policies/all/performance-measures.html)

- AAFP resource page on practice management tools:
  [http://www.aafp.org/fpm/toolBox/viewToolBox.htm](http://www.aafp.org/fpm/toolBox/viewToolBox.htm)

- The National Quality Forum (NQF) provides measures that can link process and outcome. See NQF-Endorsed® Standards at:
