

Dear

I am interested in attending the Family Medicine Experience (FMX), hosted by the American Academy of Family Physicians (AAFP), September 20-23, 2022, in Washington, DC.

FMX will offer me the latest and greatest education in family medicine, patient and practice solutions, opportunities to reconnect with peers, and much more. **Below is an overview of the tangible benefits that FMX provides:**

- Lower registration costs*—\$100 off the usual in-person rate
- Exclusive CME simplified into three categories: career, practice, and clinical
- Live Q&A with expert faculty and attendees
- The opportunity to directly connect with family medicine solution providers
- Inspiring Main Stage presentations from best-selling author Malcolm Gladwell and FMX fan-favorite Frank Domino, MD
- 25 hours of FMX On Demand (with the option to upgrade to Full FMX On Demand to bundle and save)

During FMX 2022, I plan to attend these sessions to strengthen my family medicine knowledge:

-
-
-
-

Here are the costs associated with attending FMX:

Registration: \$

Optional procedure courses: \$

Airfare: \$

Hotel: \$

Miscellaneous (meals/transportation): \$

You can find the full event description at www.aafp.org/fmx. All attendees must follow the AAFP's health and safety protocols, including proof of vaccination. I appreciate your consideration for approval.

Sincerely,
