

National Conference of Family Medicine Residents and Medical Students

Giveaway Information

The AAFP may withhold or withdraw permission to distribute gifts, souvenirs, advertising, or other materials, which, in its sole discretion, it considers objectionable or inappropriate. The American Medical Association (AMA) has adopted guidelines governing gifts to physicians from industry. These guidelines have also been adopted by the AAFP and other medical organizations. In accordance to the AMA's guidelines, gifts must be of minimal value, practice-related (related to work or school), and or entail a benefit to patients. Exhibitors are asked to use their judgment in distributing giveaways to residents, students, and their families and may limit distribution to attendees only, if they so choose.
