Today’s Presentation/Activities

- Overview of VA GME
- Review 3 cases of successful family medicine expansions
- Small group discussions
- Wrap up synopsis
Education is one of VA's Four Statutory Missions

• 38 USC 7302

• ... in order to assist in providing an adequate supply of health personnel to the Nation, the Secretary— to the extent feasible without interfering with the medical care and treatment of veterans, shall develop and carry out a program of education and training of health personnel;

A Proud 70 Year History

• VA Policy Memorandum in January 1946 began VA's visionary association with American medical schools
• The arrangement has withstood the test of time and is seen as beneficial to both VA and the affiliates
• Approximately 70% of all American physicians receive some portion of their training in VA

Compelling Reason #7

Health care training in the VA is supported by law and supports the health care of not only Veterans, but in service to the Nation.

VA’s Extensive Scope:

• Largest:
  o integrated health care system
  o provider of health care training
• Second to CMS payer for GME
• 40,000 physician residents & 120,000 trainees annually
Innovations Attributed to VA

• EHR
• Palliative & hospice care
• Field of psychology
• Patient Aligned Care Teams
• Interprofessional Education & Practice
• Behavioral Health Primary Care Integration
• Telehealth

Compelling Reason #6

Family Medicine has an opportunity to contribute!

The largest national system with a history of innovation is poised to enhance primary care and reach into communities to improve access
Veterans are a Vulnerable Population with Special Needs

Veterans have greater needs than the general population:
- Older
- Larger percentage rural
- More chronic illnesses
- Means testing for benefits, therefore unemployable due to health conditions or state Medicaid eligible

Compelling Reason #5

Actively participate and contribute to the largest health care and education enterprise in the nation!
Veterans Access, Choice, & Accountability Act (VACAA)

- Enacted by Congress & signed by the President on August 7, 2014
- Section 301(b)
  - Expand VA GME by “up to 1,500 positions” over 5 years beginning 1 year after signing
  - Funding priorities defined in law
  - Annual Congressional reporting requirements regarding the filled VACAA positions and their VA locations
  - Recent Omnibus package signed by President December 2016 extended time period from five to ten years, to 2024

TITLE III—HEALTH CARE STAFFING, RECRUITMENT, AND TRAINING MATTERS
SEC. 301. TREATMENT OF STAFFING SHORTAGE AND BIENNIAL REPORT ON STAFFING OF MEDICAL FACILITIES OF THE DEPARTMENT OF VETERANS AFFAIRS.

(b) INCREASE OF GRADUATE MEDICAL EDUCATION RESIDENCY POSITIONS.—
(1) IN GENERAL.—Section 7302 of title 38, United States Code, is amended by adding at the end the following new subsection:

"(e)(1) In carrying out this section, the Secretary shall establish medical residency programs, or ensure that already established medical residency programs have a sufficient number of residency positions, at any medical facility of the Department that the Secretary determines—

"(A) is experiencing a shortage of physicians; and

"(B) is located in a community that is designated as a health professional shortage area (as defined in section 332 of the Public Health Service Act (42 U.S.C. 254e)).

"(2) In carrying out paragraph (1), the Secretary shall—

"(A) allocate the residency positions under such paragraph among occupations included in the most current determination published in the Federal Register pursuant to section 7412(a) of this title; and

"(B) give priority to residency positions and programs in primary care, mental health, and any other specialty the Secretary determines appropriate.

(2) FIVE-YEAR INCREASE.—
(A) IN GENERAL.—In carrying out section 7302(e) of title 38, United States Code, as added by paragraph (1), during the 5-year period beginning on the day that is 1 year after the date of the enactment of this Act, the Secretary of Veterans Affairs shall increase the number of graduate medical education residency positions at medical facilities of the Department by up to 1,500 positions.

(B) PRIORITY.—In increasing the number of graduate medical education residency positions at medical facilities of the Department under subparagraph (A), the Secretary shall give priority to medical facilities that—

(i) as of the date of the enactment of this Act, do not have a medical residency program; and

(ii) are located in a community that has a high concentration of veterans.
