The Winslow Indian Health Care Center (WIHCC) in northern Arizona is looking for Family Practice physicians interested in a broad scope of practice, including obstetrics if desired. WIHCC is also seeking staff for a newly constructed medical center on the Navajo Nation in Dilkon, AZ, set to open in April, 2022 (pictured below.) Both facilities are approved for the National Health Service Corps Loan Repayment and Arizona Loan Repayment Programs.

Our providers deliver comprehensive services to Navajo and other Native Americans, including ambulatory clinics, urgent care and emergency services, in-patient care and obstetrics. Our staff includes 20 full-time employed physicians board certified in Family Practice, Internal Medicine, Cardiology, General Surgery, Neurology, and Psychiatry, as well as two podiatrists, eight nurse practitioners and PAs, and even a Traditional Navajo Healer. Providers are covered by hassle-free Federal Tort Claims liability coverage, and deal with a minimum of managed care barriers.

The surrounding area offers an awesome mix of professional, cultural, and recreational opportunities. Located just 7 miles from the breathtaking beauty of Navajoland and its people. Winslow is only 50 miles via interstate highway from Flagstaff, a university town with extensive downhill and cross-country skiing.

Minutes from Winslow is Clear Creek – a deep, translucent canyon creek that cuts through miles of cliffs and offers excellent swimming, rock climbing, and kayaking. WIHCC offers excellent salaries and benefits, including health, dental, vision, and disability insurance; a 401-k plan; and paid CME leave. Please send CV to med.jobs@wihcc.org.

Family physicians turn to *AFP* for information on upcoming courses and online programs.

CHA, a Harvard Medical School and Tufts University School of Medicine teaching affiliate, is an award-winning, academic public healthcare system. We proudly serve the ethnically and socio-economically diverse patient population within our communities.

CHA is currently recruiting Family Medicine Physicians for our various neighborhood health centers in Cambridge, Somerville, Malden, Revere, and Everett.

• Full time and part time opportunities available.
• Primary Care Float opportunities.
• Physicians enjoy a collegial, vibrant and dynamic environment and great work/life balance.
• Opportunities available for teaching, and academic appointments commensurate with medical school criteria.
• Infrastructure includes fully integrated EMR (Epic) and clinical and administrative supports for primary care providers including onsite lab services, radiology, pharmacy, behavioral health, medical and surgical specialties, and more!

Ideal candidates will possess excellent clinical/communication skills and a strong commitment to and passion for our multicultural, underserved patient population.

CVs may be sent directly to Melissa Kelley, Provider Recruiter, at ProviderRecruitment@challiance.org.

In keeping with federal, state and local laws, Cambridge Health Alliance (CHA) policy forbids employees and associates to discriminate against anyone based on race, religion, color, gender, age, marital status, national origin, sexual orientation, relationship identity or relationship structure, gender identity or expression, veteran status, disability or any other characteristic protected by law. We are committed to establishing and maintaining a workplace free of discrimination. We are fully committed to equal employment opportunity. We will not tolerate unlawful discrimination in the recruitment, hiring, termination, promotion, salary treatment or any other condition of employment or career development. Furthermore, we will not tolerate the use of discriminatory slurs, or other remarks, ideas or conduct, that in the judgment of CHA, encourage or permit an offensive or hostile work environment.

Penn State Health St. Joseph is seeking a BC/BE family medicine physician to join our team as a faculty member in our 6-6-6 Family and Community Medicine Residency Program in Berks County, PA. Priority will be given to candidates interested in inpatient medicine or obstetrical services. The Family and Community Medicine Residency Program strives to provide excellent education in training family physicians to provide comprehensive, compassionate, and patient-centered care. Duties include teaching, mentoring, advising, and supervising residents; engaging in scholarly activity; and providing patient care. The residency program fosters a supportive family-oriented environment that encourages work-life balance.
