Core Physicians supports each physician’s professional growth and values physician input in regard to company policy.

We are a community based, multi-specialty group practice affiliated with Exeter Hospital. Our fundamental mission is to improve the health of individuals and families in the communities we serve. As a major provider of primary care services in the region, we continue to develop diagnostic and surgical services to meet the increasing healthcare needs of a rapidly expanding population. In addition, specialty care services continue to be added to complement our community-based, patient-focused care.

We are committed to our medical staff, providing challenging practice opportunities, great benefits and salary, advanced technology, and a collegial and supportive spirit.

**NORTH AND SOUTH CAROLINA FM and HOSPITALIST NEEDS NEAR PINEHURST RESORT, COAST**

Scotland Health Care is looking for outpatient based family physicians to join our busy group practices in Laurinburg, North Carolina and nearby in Bennettsville, SC. We are a progressive, growing hospital system with a young, high quality medical staff and a patient-centered model. Scotland Health Care System is a community owned, not-for-profit, 154-bed hospital system with state of-the-art technology. Scotland Memorial Hospital is a 4 Star Hospital and the only hospital in North Carolina to achieve recognition as one of the Top 49 Safest Hospitals in the nation.

We offer a comprehensive benefits program with bonus opportunities, and quality for **substantial student loan assistance** in our outpatient based practices. **Inpatient shifts may also be available if desired and we do currently have full time hospitalist and nocturnist positions also available**.

Laurinburg is a safe, family community with a low cost of living and affordable housing. Our county, Scotland County, is nestled on the border of North and South Carolina in the heart of the Sandhills with great community events, biking, golf, fishing, equestrian sports, and state parks. We are just 35 minutes south of the Pinehurst golf resort, 45 minutes from Fayetteville, and less than 2 hours from Raleigh, Charlotte, Greensboro, Myrtle Beach, and Wilmington.

**FAMILY MEDICINE PRIMARY CARE PHYSICIAN NEEDED DALLAS, TX SUBURBS**

Heal 360 Primary & Urgent Care is a 5 clinic leading provider of holistic urgent and primary care medicine. By providing both levels of care, the practice has the unique ability to attend to the full spectrum of patient needs. We take a whole-person approach to patient care, treating the source of patients’ conditions and not just the symptoms, and we take the time to explain alternative approaches, including herbal medicine and lifestyle modifications.

We are looking for a compassionate physician to join our clinic in the Dallas suburb of Frisco, TX. Our practice is entirely outpatient and 70% primary care and 30% urgent care. Our team of medical assistants takes care of the preventive medicine groundwork and our EMR specialist takes care of the records. This gives you time to build compassionate connections with patients and help build the practice to serve the rapidly growing Frisco suburb.

You’ll be joining a great team with an expanding client base, all in the great metro area of Dallas!

For more information please contact Dr. Mohiuddin at amer@heal360.com or our offices at (972) 226-8900

- CME & Licensure Dues Reimbursement
- Full Employee Benefits Package and more

The Winslow Indian Health Care Center (WHCC) in northern Arizona is looking for Family Practice physicians interested in a broad scope of practice, including obstetrics if desired. WHCC is an approved site for National Health Service Corps Scholars and Loan Repayment programs, as well as the Arizona Loan Repayment Program.

Our providers deliver comprehensive services to Navajo and other Native Americans, including ambulatory clinics; urgent care and emergency services; in-patient care and obstetrics. Our staff includes 20 full-time employed physicians board certified in Family Practice, Internal Medicine, Cardiology, General Surgery, Neurology, and Psychiatry; as well as two podiatrists and eight nurse practitioners and PAs.

WHCC provides a comprehensive range of healthcare services, including Optometry, Physical Therapy, Dental Care, Behavioral Health, Public Health Nursing and even Traditional Navajo Healing. Providers are covered by hassle-free Federal Tort Claims liability coverage; deal with a minimum of managed care barriers; and work in a spacious state of the art ambulatory center which opened in 2014.

Additionally, Winslow offers an awesome mix of professional, cultural, and recreational opportunities. Located just 7 miles from the breathtaking beauty of NavajoLand and its people, Winslow is only 50 miles via interstate highway from Flagstaff, a university town with extensive downhill and cross-country skiing.

A 10 minute drive or short bike-ride from Winslow takes you to Clear Creek – a deep, translucent canyon creek that cuts through miles of cliffs and offers excellent swimming, rock climbing, and kayaking. WHCC offers excellent salaries and benefits, including health, dental, vision, and disability insurance; a 401-k plan; and paid CME leave.

William Keating, MD
wkeating@ncompasscare.com or 706-265-4100

Coopersburg Family Practice
Douglas C. Shoenberger, MD

Join us at one of the few independently owned practices in the Greater Lehigh Valley and Bucks County Area.

Coopersburg Family Practice is an established family-owned, family medicine, and practice located in Coopersburg, Pennsylvania. We employ a patient-oriented approach to offer a wide range of services (including preventive care, chronic disease management, alternative therapy, brain function testing, and cosmetic procedures). We are looking for a certified physician to join our expanding primary care team!

We offer a competitive salary, with incentive pay (based on performance, services rendered, and quality), and a great location. Coopersburg, PA is just an hour from downtown Philadelphia. Live in the suburbs or in the more rural surroundings of Lehigh County, and have immediate access to miles of hiking and bicycling trails, great fishing, top parks and sports fields, and historical sites.

We are looking for a MD/DO that has at least 3 years of experience in primary care (outside of their residency), is board certified in primary care or a related field, has a current state medical practitioner license, and current DEA and DPS registration for prescription writing.

Please reach out to Alicia Shoenberger for more information: alicia.shoenberger@gmail.com, 610-282-1170 Ext. 1001

**TWO POSITIONS OPEN AT PROGRESSIVE HEALTHCARE SYSTEM - RESORT & UNIVERSITY TOWN - BOONE, NORTH CAROLINA**

Appalachian Regional Healthcare System is looking to fill two roles:

**FAMILY MED/OB FACULTY POSITION - DIRECTOR OF OBSTETRICS**

Join and help lead our progressive Family Med Residency Program, a partnership with Mountain Area Health Education Center (based in Asheville). You’ll instruct, supervise, counsel, and evaluate residents.

**ADULT MEDICINE PHYSICIAN (FAMILY MED or INTERNAL MED)**

Join our establish practice, as an internist or family med physician, to adopt a patient panel. This is outpatient only with a great hospitalist team to care for your patients in the inpatient setting.

We offer: Sign On Bonus, Competitive Salary, CME Stipend, 6 Weeks PDO, Comprehensive Benefits, Paid Malpractice and Tail Coverage

BOONE, NC, named one of the top 50 adventure towns in the country, is in the Blue Ridge Mountains, with cool springs, mild summers, and colorful autumns, all with the amenities of a resort and university town with top public schools, street festivals, live music, history, and more.

**BEST RATED PRIMARY CARE OFFICE - BROOKLYN & QUEENS, NY!**

Leaf Medical, New York City’s top rated practice, is hiring a Family Medicine or Internal Medicine physician for our offices in Long Island City, Queens, Carroll Gardens, Brooklyn and Dumbo, Brooklyn.

Leaf Medical delivers comprehensive care in a reliable, efficient and environmentally smart manner. We offer flexibility to our patients by having more than one specialty under one roof, including: Internal Medicine, Pediatrics, and Gynecology.

Working with us offers you:

- more time with each patient
- a great support staff that makes the work efficient and seamless
- happy, appreciative patients due in part to our a little-to-no wait time
- a feel-good workplace with company events; the entire office closes for lunch, allowing everyone to get to know one another
- transparency with performance and financials and minimal bureaucracy: as the company grows, everyone benefits.
- Online reputation! #1 on YELP and Zocdoc for Internal Medicine and Gynecology.

---

Physicians are looking for a better way to care for their patients and have fulfilling careers. We have the solution. Physician-led, independent medical groups with a best-of-breed management team, outstanding administrative support, and access to capital.

Currently, we offer opportunities in family practice and internal medicine, with several locations seeking physicians to join their practice. Each of these practices is well-established and offer significant growth potential. Staffed with caring, compassionate health professionals, these offices seek physicians focused on life-long patient care for diverse populations.

**Key Job Features:**

- Full Time
- Accelerated partner track in private practice (opportunity to achieve dramatically better compensation in value-based model)
- Competitive salary and benefits
- Mentorship and significant support for professional growth
- Community-based practice focused on value-based care
- More time with patients, compensation not based on the volume of services but on the value and quality of care delivered
- Work with remarkable colleagues and team culture

American Family Physician 537
Whether you are looking for a new family medicine career opportunity, considering exploring new opportunities, or just starting out, it’s important to have your CV up to date and ready to go. Opportunity may knock when you least expect it and being prepared to answer the call is the first step in landing your dream job. Your CV acts as a first impression for your potential employer, so it is important that your CV be correct, truthful, inspiring, and reflect your skills most efficiently. If it has been a while since you’ve last updated your CV or if you are writing your first one, these tips can guide you in the right direction.

How to Write a Curriculum Vitae (CV)

What is a curriculum vitae?
A curriculum vitae (CV) is similar to a resume in that it documents your educational and professional accomplishments. But unlike a resume, a CV is typically more detailed and can also be used to highlight your personal interests and activities. Including such information is optional but doing so can help distinguish you as an individual. When developing your CV, think about what your prospective organization is looking for in a candidate, and then try to present your competencies and experiences in a way that speaks to those needs.

Contact and personal information
Include your full name, address, phone number, and email address at the top of the CV. If you have a LinkedIn profile or relevant personal webpage, include this information as well.

Objective statement (optional)
Limit your objective statement to one or two sentences, tailored for your prospective organization. If you choose not to include an objective in your CV, you can include it in your cover letter.

Education
List schools attended (medical school, graduate education, and undergraduate education) in reverse chronological order, with the most recent listed first. Include the school name, degree completed, and graduation date for each.

Internships, residencies, fellowships
• Include the name of the organization, the location, your specialty, and leadership roles if applicable.

Board certification, specialty, and states in which you are licensed.
• Do not include license numbers.

Professional experience
List experiences that are relevant to medicine or that show your range of experience. Be sure to include the following in the order listed:
• Position
• Organization name and address
• Dates of employment
• Short description of duties

Publications, presentations, and other activities
For publications, include complete bibliographic citations. For presentations and other activities, include titles or event names, as well as dates and locations.

Professional memberships, awards, and honors
Include full names of organizations, years of membership, and leadership positions held, if applicable. For awards and honors, include the name of the honor or award, the location, and the date received.

Extracurricular activities and interests (optional)
Although this information is not required, it can help the person reading your CV learn more about who you are and whether you are a good fit for the organization. Try to show how your activities helped you develop skills such as leadership, supervision, communication, or collaboration, if possible.

Formatting Tips
Because your CV is typically your first and only chance to make a good impression, it’s important to ensure that it is error-free and uncluttered. Ask others to proofread it several times to ensure it is free of grammar, spelling, or other errors.
• Leave plenty of white space.
• Use a simple, professional font such as Times New Roman or Arial.
• Include a name header and page number on all pages.
• Place job title, organization name, and duties on the left side and dates on the right.
• Choose a format and stick to it. Layout, spacing and structure should be consistent.
• Use parallelism: keep the structure of your phrases and/or sentences consistent throughout your document.
