

# Your Future is in Your Hands

Get the **UPDATED**—and **EXPANDED**—AAFP mobile app now to help you find the right residency program for you.

Get your hands on the first-ever comprehensive residency search and Match planning tool designed specifically for family medicine. Download the AAFP mobile app and click “For Students” to access bigger and better-than-ever residency program features. Make this your go-to tool for planning your future and keeping track of the meetings and conversations you have with residency programs.

## The *For Students* section in the AAFP app includes:

1. A customizable ranking tool for residency programs
2. Streamlined residency search capabilities
3. A task list to keep you on track for the Match
4. An updated *Strolling through the Match* guide

Use this resource to research residency programs, capture notes, track interviews, and more—all in the palm of your hand.

Don't miss out on these enhanced features.

**Download the AAFP app NOW.**

If you don't have the AAFP app, which is separate from the AAFP Events app, download it through the Apple Store or Google Play. If you have the AAFP app, be sure you have the newest update.
