CLIA Classification: Waived Compliance PPM Accredited

COLA # _____

NOTES:

Orders are not complete until an order form and a purchase order have been received.

ORDER INFORMATION

Enroll in AAFP-PT by November 1, 2018 to guarantee specimen availability for the following year!

However, AAFP-PT accepts enrollments throughout the year at a prorated cost for testing modules. The annual registration fee is not prorated and is not refundable.

To ensure specimen availability and to avoid delay in processing, please complete the AAFP-PT Order Form in its entirety. Once you've selected the modules your laboratory needs, submit the order form by email to pt@aaafp.org.

- Provide all the information requested on the AAFP-PT Order Form.
- Place an X by the module(s) you are ordering.

An order form must accompany all purchase orders. If you need assistance in Module selection, contact one of our staff at (800) 274-7911.

Cancellations/Refunds/Additions

Cancellations must be submitted by email or through PT Central six weeks prior to an event ship date. Credits will be applied to the following year's PT order, if requested. If no order is being placed for the next year, a refund check will be issued upon request at the end of the current program year. The annual registration fee is not prorated and is non-refundable.

Additions must be requested by completing the Additional Information/Change Form found at www.aaafp.org/pt. Any module may be added to an existing order depending on material availability. A \$35 shipping charge will be applied if a separate shipment is required. The module cost will be prorated according to the number of shipments remaining in the program year.

Off-Schedule/Reinstatement Testing

Subject to product availability, PT specimens may be purchased throughout the program year. Typically specimens are received within one week. The evaluation will be completed within 10 business days after results are received. AAFP-PT reports reinstatement testing performance to state agencies or COLA for regulated analytes. Go to www.aaafp.org/pt for reinstatement prices, process, and the Reinstatement Order Form.

Accreditation Statements

AAFP-PT is an approved provider of continuing education programs in the clinical laboratory sciences by the ASCLS P.A.C.E.[®] Program. AAFP-PT is also an approved provider for California clinical laboratory licensees under the P.A.C.E.[®] Program. The level of instruction for this event is Basic. This event is worth four (4) P.A.C.E.[®] Contact Hours.

RETAIN A PHOTOCOPY OF THIS FORM FOR YOUR RECORDS.

Order before November 1, 2018 to guarantee specimen availability.

PLEASE INCLUDE ALL REQUESTED INFORMATION ON THE ORDER FORM AND MAIL, FAX, OR EMAIL TO:

AAFP-PT, 11400 Tomahawk Creek Pkwy, Leawood, KS 66211-2680 • FAX: (913) 906-6079 • PHONE: (800) 274-7911 • EMAIL: pt@aaafp.org

2019 SHIP DATES
MARCH 4, JUNE 3, and OCTOBER 7
Products ordered may contain pathogenic materials. AAFP-PT is not liable or responsible for the handling, storage, use, and disposal of the product upon receipt by your office.

ORDER CONFIRMATION, WELCOME PACKS, AND ENROLLMENT CONFIRMATIONS

You will receive an email confirmation when your order is processed. This confirmation will be sent to the email address provided at the time of enrollment. Please notify AAFP-PT if your email address changes, or if there are additional addresses that should receive Proficiency Testing communications.

Welcome Pack — New enrollees will receive a Welcome Pack four to six weeks after receipt of a completed order form. The Welcome Pack includes PT Central log-in instructions and a Set-up Confirmation. The Set-up Confirmation describes your current reporting set up. Please review carefully for an accurate listing of all analytes and testing methods. Indicate any changes to your testing menu (analytes added or deleted) or any changes in instrumentation or kits and send the changes promptly to AAFP-PT.

Set-up Confirmation (Current participants) — By mid-January, current enrollees may log in to PT Central to print and review their set-up confirmation. This form should be reviewed prior to each event to ensure that the testing menu is correct and that the current instruments/methods are shown. Enrollees should also verify that contact and shipping information is correct.

Changes and Additions to Order

All changes must be submitted in writing by fax or email to AAFP-PT three weeks prior to an event shipping state. For changes or additions to an existing order or to update your account information, go to www.aafp.org/pt to obtain an Additions/Change form.

CHEMISTRY

- 612 MultiChem 5 \$243
- 616 MultiChem 10 \$255
- 617 MultiChem 15 \$294
- 618 MultiChem 20 \$354
