

AAFP Resources for Residency Programs

Supplement your curriculum and help your residents get ahead.

The AAFP meets your residency program's needs. Boost ITE scores and supplement your curriculum with family medicine educational resources, available in convenient formats. Whether your residents are preparing for certification or staying up to date on current trends, AAFP educational tools and resources for residency programs can help bridge knowledge gaps and boost skill sets. Help your residents prepare for the future with convenient clinical education they can receive in person or access from home, work, or on the go.

Residency programs receive significant discounts on select resources. | Call (800) 274-2237 to supplement your curriculum.

Family Medicine Board Review Online Access Self-Study Package

Designed by and for family physicians, the AAFP Family Medicine Board Review Self-Study Package provides an evidence-based review of the core principles of family medicine to help your residents prepare for the ABFM exam. Recorded from the AAFP Family Medicine Board Review Express® live course, the self-study package is comprehensive, interactive, self-paced, and is **focused on what your residents need to know**.

52 AAFP Prescribed credits

Residents can access the package when, where, and how they want.

The Family Medicine Board Review Online Access Self-Study Package includes:

- Case-based presentations
- More than 500 Board-style questions
- Printable, full-color PDF syllabus
- Pre- and post-tests to help identify and fill knowledge gaps
- Bonus session: Guide for Exam Preparation

FP Essentials™

Online and printed monthly editions of *FP Essentials*™ give your residents an educational advantage and allow them to learn when and where it works for them—*on their schedule*. Your program can subscribe to *FP Essentials* to receive monthly family medicine education for your residents. Each peer-reviewed edition consists of key practice recommendations, questions and answers, and references. *FP Essentials* follows a three-year curriculum cycle based on the ABFM exam topic areas and is heavily influenced by new treatments, care guidelines, drug information, and more.

Call for a free sample to experience the rich content and flexible online access.

5 AAFP Prescribed credits each month

AAFP TIPS™ : Transformation in Practice Series

Use AAFP TIPS™ in your residency program's practice management training to enhance patient care and quality improvement efforts. Created specifically for family medicine teams, AAFP TIPS topics include:

- Clinical Data Registries
- Continuity of Care
- Empanelment
- Quality Improvement
- Team Documentation

Pricing as low as \$9 per user per topic. Additional discounting applies when you buy more than one topic.

ALSO®

(Advanced Life Support in Obstetrics) Course

ALSO® is an evidence-based multidisciplinary and interprofessional course that can teach your residents how to better manage obstetric emergencies prior to their OB rotation.

Using hands-on training, mnemonics, and in-situ simulation drills, coupled with a team-based approach, ALSO helps remove barriers and aligns communication among maternity care providers to reduce errors and improve outcomes.

Help your residents prepare for their OB rotation. Hold an ALSO Provider course as part of your residency program curriculum.

ALSO Provider course

Starting at \$120
