

FMPC

Grant Awards

2017 • Volume III

The Family Medicine Philanthropic Consortium (FMPC) is a collaborative program of the American Academy of Family Physicians Foundation and the Constituent Chapters and Chapter Foundations of the American Academy of Family Physicians. The Consortium is organized to improve the health care of all people.

About the FMPC and its Grant Awards

The Family Medicine Philanthropic Consortium (FMPC) was established in 2006 as a collaborative program of the American Academy of Family Physicians Foundation and the Constituent Chapters and Chapter Foundations of the American Academy of Family Physicians. There is no cost for membership in the FMPC.

Funding for FMPC Grant Awards comes from the national Dues Check-Off Campaign.

The FMPC is organized to improve the health of all people and accomplishes its mission by:

- Collaborating in the use of national Dues Check-Off revenues provided by the AAFP Foundation
- Sharing expertise, replicating programs, and sharing best practices
- Providing FMPC Grant Awards

The mission of the FMPC Grant Awards program is to support Constituent Chapters and Chapter Foundation programs and assist them in fulfilling their mission of improving the health of all people.

Annual FMPC Grant Awards are determined through a competitive grant funding process, with funding available only to AFP Constituent Chapters and Chapter Foundations. Since establishing the Awards in 2006, grants totaling \$1,091,670 have been awarded to fund 289 projects in 39 states (see pages 10-13).

For more information about the FMPC or FMPC Grant Awards, please visit the AAFP Foundation website at www.aafpfoundation.org/fmpc or call any member of the Development team at (800) 274-2237.

A small way you can make a BIG impact

Support your AAFP Foundation with a Dues Check-Off Donation.

Choose between two fast and easy ways to donate:

1. Check the donation box on your AAFP dues statement.
2. Visit www.aafpfoundation.org/duescheckoff.

Every donation from **every** family physician counts.

DON'T WAIT TO DONATE!

MEMBER OUTREACH PROJECTS

ADVOCACY

ADVOCACY DAY AT THE STATE HOUSE – MASSACHUSETTS (2017)

Massachusetts AFP hosts a one-day event that includes morning leadership training sessions to provide tools, education, resources, and direction to allow members to influence political representatives to vote with the best interests of Family Medicine in mind. Following afternoon in-person meetings at the State House, participants reconvene and outline next steps for the Chapter and members.

DEPRESSION

MAJOR DEPRESSIVE DISORDER: CHANGE PACKAGE – NEW JERSEY (2017)

NJAFP will develop a Major Depressive Disorder (MDD) change package, which is a set of small, actionable changes that practices can use to improve care delivery for patients with MDD. Online tools will track family physicians who download the change package to allow the Chapter to follow-up on its use and impact.

DIABETES

NATIONAL DIABETES PREVENTION: BALANCING INCENTIVES PROGRAM – NEW YORK (2017)

The Balancing Incentives Program (BIP) model for diabetes self-management training brings peer-based diabetes self-management to vulnerable populations. Following a successful pilot project in the South Bronx, the coalition of NYSAFP, NYSAFP Bronx-Westchester chapter, and the Quality and Technical Assistance Center of the Research Foundation of the State University at Albany will be expanding the BIP model to upstate NY.

PHYSICIAN WELLNESS

EMBRACING WELLNESS – PHYSICIAN HEALTH IS PRIMARY – NEBRASKA (2017)

The Nebraska AFP Physician Health & Wellness campaign series supports a nationally-renowned wellness speaker at the NAAP Annual Spring and Fall meetings and provides members with quarterly wellness messaging.

PREVENTIVE SERVICES

OPTIMIZING PATIENT CARE BY CHOOSING WISELY® INITIATIVE – ILLINOIS (2017)

The Illinois AFP developed a series of physician education and training activities on the Choosing Wisely® concepts endorsed by the AAFP. Primary care and subspecialty medical associations were convened to outline how clinical policy and best practices could better align with Choosing Wisely Recommendations. Using this information, IAAP will distribute a CME newsletter and update/manage their Choosing Wisely® webpage that includes resources, physician tools, and links to online education/training CME.

QUALITY IMPROVEMENT

QUALITY IMPROVEMENT SUMMIT – OHIO (2017)

Seventy primary care teams were given the chance to customize a practice-based, QI process by self-selecting a pathway from one of four topic tracks that included cervical and breast cancer, hypertension, and diabetes. Working closely with OAFP, the Ohio Department of Health, the American Cancer Society, and the Ohio Association of Community Health Centers, participating practices will: measurably improve patient care; earn AAFP Performance Improvement in Practice credit; and satisfy a performance requirement for ongoing certification from the American Board of Family Medicine for their participation.

PUBLIC HEALTH PROJECTS

HEALTHY LIVING

HEALTH AND WELLNESS EDUCATIONAL SERIES – LOUISIANA (2017)

This healthy lifestyle program is a partnership between the LAFP Foundation, Baton Rouge General Family Medicine Residency Program (BRGMC-FMRP), *I CARE* Program staff, and the Capitol Middle School. The *I CARE* initiative provides prevention education to students in the areas of alcohol, tobacco, other drugs, violence, crisis response and management. BRGMC-FMRP residents and faculty serve as a resource to Capitol Middle School to improve students' knowledge of a healthy lifestyle by offering six presentations designed to reach 7th graders enrolled at Capitol Middle School.

HELPING HANDS ACROSS GEORGIA – GEORGIA (2017)

Since 2012, Georgia Healthy Family Alliance has been awarding seed grants to GAFP members through the "Helping Hands across Georgia Project." Partnering with indigent care clinics where GAFP members, residents and medical students are already volunteering makes it possible to offer resources and program materials to educate patients on prevalent prevention and health issues. FMPC grant support is used to support Family Medicine resident and student projects that address key public health areas of need: Obesity Prevention, Chronic Disease Screening/Education and Women's Health Services.

MEDICAL HOME

ON CALL WITH A PRAIRIE DOC – SOUTH DAKOTA (2017)

"On Call with the Prairie Doc", a one-hour live television program on South Dakota Public Broadcasting (SDPB), discusses relevant medical issues and answer questions from callers. The SDAFP and SDAPF Foundation is underwriting four, one-hour, "On Call with the Prairie Doc" episodes to ensure family medicine topics reach South Dakota families. In addition, SDAFP will offer short clips to members via the SDAFP web page and Facebook.

REDUCTION OF FINANCIAL BURDEN OF SCHOOL LUNCH PROGRAM – UTAH (2017)

The Utah AFP supported the non-profit organization *Utahns Against Hunger* by providing funding for a paid intern to collect and analyze bad debt and best practices from school lunch program data submitted by 41 school districts across Utah. *Utahns Against Hunger* is a non-profit organization helps shape public policy related to food and nutrition programs.

STOP & THINK: PREVENTING MARIJUANA USE IN COLORADO YOUTH – COLORADO (2017)

Stop & Think curriculum for 4th- and 5th-grade classrooms will be developed with input from CAFP members and public health leaders and under the guidance of CAFP to educate about potential dangers of marijuana use and teach responsible behavior around marijuana products.

USE YOUR HEAD! HELMETS FROM STUDENTS 2 KIDS – KANSAS (2017)

As part of the six-week rural externship through the KAFP Rural Family Medicine & Research Program, 40 rising M2 medical students will expand their externship activities by providing a community education presentation about bike safety and helmets and distributing a bike helmet to all children who participate.

STUDENT AND/OR RESIDENT PROJECTS

BUILDING THE FAMILY MEDICINE PIPELINE

FACES IN FAMILY MEDICINE – KANSAS (2017)

Working with local FMIG's and Regents University pre-med clubs, eligible applicants are identified: students in their first and second years of medical school (primary audience), and pre-med students in their junior and senior years of undergraduate studies (secondary audience). Participants are highlighted throughout the year to share success stories of "Faces in Family Medicine." This program began in 2010.

FAMILY MEDICINE MENTOR CONNECTION – ILLINOIS (2017)

In its inaugural year, Family Medicine Mentor Connection will unite medical students with dedicated Family Medicine mentors. This type of student mentoring program has been successfully accomplished by other AAFP Chapters and the IAFFP wanted to provide a similar opportunity for students and physicians in Illinois.

MEDICAL STUDENTS SERVICE LEARNING & LEGISLATIVE PROJECTS – SOUTH DAKOTA (2017)

This 2-day program began in 2013. On Day One first-year medical students provide a health fair for approximately 250 students at the Pierre Indian Learning Center and tour the Women's Prison in Pierre. On Day Two, students gather at the State Capitol with physicians and state officials for activities that inform students about leadership in state government and provide first-hand experience in advocating for healthcare issues important to Family Medicine.

ON THE ROAD – CALIFORNIA (2017)

CAFP will have a presence at four FMIG events, two campus's Match Day activities, one residency program in each of the six regions, and two local chapters.

STUDENT ACADEMY AMBASSADOR PROGRAM – MISSISSIPPI (2017)

Academy Ambassadors are a group of medical students who assist the Mississippi AFP at their Annual Meeting and serve as MAFP champions for Family Medicine on their campus.

EXTERNSHIPS, FELLOWSHIPS, INTERNSHIPS, PRECEPTORSHIPS

LEARNING TO CARE, ADVOCATE, & LEAD SUMMER EXTERN PROGRAM - WISCONSIN (2017)

This externship program allows students between their first and second year of medical school to spend eight weeks rotating between a clinical setting with a family physician preceptor and the WAFP/WAFP Foundation (WAFP-F) office. Focus areas in the office include leadership development, workforce development, advocacy education and philanthropic activities. The experience concludes with attendance at the AAFP National Conference where students serve as Delegate or Alternate Delegate to the Wisconsin state chapter and help lead other reception activities.

LEROY A. RODGERS, MD, PRECEPTORSHIP PROGRAM – OHIO (2017)

Each year the Leroy A. Rodgers, MD, Preceptorship Program funds stipends for 70 first- and second-year medical students' preceptorship rotations. Participants receive stipends of \$300/week for a four- to six-week educational rotation with a volunteer, community-based, family physician preceptor. Efforts to recruit and sustain engagement for preceptors will be expanded by creating an online toolkit of preceptor resources.

MEETING, NATIONAL

NATIONAL CONFERENCE: SUPPORTING STUDENTS TO ATTEND– WISCONSIN (2017)

In collaboration with Wisconsin medical schools, the Wisconsin AFP coordinates recruitment and selection of 50 medical students who annually attend AAFP's National Conference (NC). Students are tracked to determine whether those who participate in NC select Family Medicine and remain in Wisconsin for residency and practice.

MEETING, REGIONAL

FAMILY MEDICINE MIDWEST CONFERENCE – *FAMILY MEDICINE MIDWEST COLLABORATIVE (2017)*

The Family Medicine Midwest (FMM) Conference is a three-day conference hosted by the 12-state FMM Collaborative that includes Illinois (organizing Chapter), Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, South Dakota, and Wisconsin. Between 2012-2016, there was a 64% (n=78) Match Rate into Family Medicine for graduates who attended an FMM Conference.

FAMILY MEDICINE RESIDENTS JEOPARDY CHALLENGE – *FMM COLLABORATIVE (2017)*

The Jeopardy Challenge follows the Residency Fair at the Family Medicine Midwest Conference. It aims to attract, educate, and mentor future family physicians while keeping the process fun. A trophy (and bragging rights) are awarded to the winners.

MEETING, STATE

FAMILY MEDICINE STUDENTS & RESIDENTS STATE CONFERENCE – *LOUISIANA (2017)*

Since 2009, the Louisiana Academy has hosted a one-day annual conference to bring resident and student members together. It offers a consolidated agenda of educational sessions, workshops, and a recruitment fair with the state's ten Family Medicine residency programs, hospitals and clinics to provide networking opportunities.

FUTURE IN FAMILY MEDICINE SPRING FLING – *MISSISSIPPI (2017)*

The inaugural Family Medicine Spring Fling was held in 2013 to increase medical student interest in Family Medicine and increase the number of residents who stay in Mississippi to practice medicine. Annually, Spring Fling allows students and residents to gain exposure to speakers, topics and procedural skills, and network with Mississippi family physicians.

KICKOFF AND SOCIAL FOR NEW CLASS OF RESIDENTS – *MINNESOTA (2017)*

The Kickoff and Social for the New Class of Residents began in 2017 to recruit new resident members, establish mentor relationships between residents and active members, and cultivate social connections among new residents from different residency programs. This program features two events and a career mentorship for new residents.

STUDENT MEETING & WORKSHOP: LIVING THE FAMILY MEDICINE DREAM – *GEORGIA (2017)*

GAFP's student meeting, revamped in 2017, is an interactive, one-day workshop featuring lectures, hands-on clinical procedure sessions, conversations on "Day in the Life" of a resident, and a Residency Program Fair. The workshop culminates in a dinner with GAFP leaders talking about their magic moments in family medicine. GAFP works with the Family Medicine Education Consortium to recruit residents to teach procedures and discuss life as a resident.

STUDENT & RESIDENT EDUCATION AT STATE ANNUAL MEETING – *MASSACHUSETTS (2017)*

Since 2015, MassAFP has hosted a student and resident track at their Annual Meeting & Spring Refresher. Opportunities include educational workshops; a networking breakfast; and a reception/poster presentation for students, residents and faculty to showcase their research projects and network with peers, leaders, and practicing physicians.

STUDENT TRACK AT STATE ANNUAL MEETING: LATEX TO LARYNGOSCOPY – *KANSAS (2017)*

Since 2010, KAFP's Annual Meeting has provided a student track called Latex to Laryngoscopy (L2L). L2L provides four hands-on workshops/skills training sessions and includes designated time with national and state chapter leaders. L2L also serves as the kick-off for the Rural Family Medicine & Research Program that is KAFP's successful elective summer program for 30 rising M-1 students who spend six weeks in a rural setting shadowing a primary care physician.

WEBINAR TRAINING

STUDENT AND RESIDENT WEBINAR SERIES – *CALIFORNIA (2017)*

CAFP will develop webinar trainings on four topics identified as "high-need areas" at the 2017 Society of Teachers of Family Medicine meeting. Topics are: how to have end-of-life discussions with patients; how to critically review literature (basic epidemiology and biostatistics skills); advocacy basics; and how to choose a practice (large group vs. small) and approach the interview process. Videos of webinars will be posted to the CAFP YouTube channel/website.
