

## The 2024 *AFP* Photo Contest Winners

Sumi M. Sexton, MD, and Lindsey Hoover

**T**he *American Family Physician* (*AFP*) photo competition encourages students and residents to share their stories through photographs about how they use the *AFP* journal. Photos could feature individuals or groups, ordinary or extraordinary locations, and have a humorous or serious tone.

We are pleased to announce this year's winners:

- Otito Odiakosa, MD, MSHCM, a third-year resident and chief resident at Adventist Health Tulare, Tulare, Calif.
- Deanna Chea, a third-year medical student at Kirk Kerkorian School of Medicine at UNLV, Las Vegas, Nev.

An award presentation will be held during the American Academy of Family Physician's National Conference for family medicine residents and medical students in Kansas City, Mo. The winning photos are being shared in this journal issue, in the digital version of *AFP*, and on the *AFP* social media channels. Winners received their choice of a gift card or registration

to the National Conference and a one-year print subscription to *AFP*. Photo submissions that received honorable mention are featured on the *AFP* website. This is the fourth year of the photo contest, and we received the highest number of creative submissions illustrating the role the journal plays in education. We are proud to display all of the wonderful photo submissions on *AFP* social media.

To view these photos, visit <https://www.aafp.org/pubs/afp/about/photocontest/2024Winners.html> or follow #afpjourn photocontest on X/Twitter (@AFPJournal), Facebook (@AFPJournal), or Instagram (@afpjournal).

We are thankful to everyone who participated in the *AFP* Photo Contest this year.
